[Apply](#) Bentonville, AR Full time Posted 9 Days Ago R-2404611

Position Summary...

The Senior Analyst, Audit, manages and executes comprehensive and functional audits, including investigations of irregularities and compliance issues. This role involves developing and executing audit procedures, analyzing control effectiveness, and collaborating with key stakeholders to address findings. The position drives process improvements through automation and data analysis and ensuring adherence to company policies and ethical standards. The Senior Analyst fosters strong relationships, supports continuous learning, and contributes to a culture of integrity and accountability to deliver impactful audit results aligned with organizational goals.

Our team advances Walmart's operational excellence by delivering clear, actionable insights that enhance controls, reduce risk, and improve processes. Combining thorough business knowledge with audit expertise, we support leaders in anticipating challenges, closing gaps, and building scalable solutions. Focused on key risks aligned with enterprise strategy, we foster strong partnerships to clarify complex issues and drive efficiency and accountability. Our work ensures resilient controls and reliable operations, enabling confident decision-making. As trusted advisors, we elevate performance, protect Walmart's reputation, and empower consistent excellence across all operations.

What you'll do...

- Manage and execute corporate divisional and functional audits, including investigations of irregularities and compliance violations.
- Develop and implement audit plans, testing procedures, and document findings using narratives and flowcharts.
- Collaborate with legal, ethics, investigations, and compliance teams to address audit issues and irregularities.
- Analyze data for patterns, conduct electronic reviews, and summarize interviews to support audit conclusions.
- Prepare and present executive reports detailing audit results, control deficiencies, and recommendations.
- Drive audit process improvements through automation and standardized methodologies.

What you'll bring:

- Proven experience managing and executing complex audits, including investigations of irregularities, fraud, and compliance issues.
- Strong ability to develop and implement audit plans, testing procedures, and control assessments aligned with regulatory and company standards.
- Expertise in analyzing data patterns, conducting interviews, and preparing detailed executive reports summarizing findings and recommendations.
- Excellent communication skills to engage stakeholders and present audit results clearly and effectively.
- Commitment to integrity, ethical standards, and supporting company values in all audit activities.

About Us

About Walmart:

Fifty years ago, Sam Walton started a single mom-and-pop shop and transformed it into the world's biggest retailer. Since those founding days, one thing has remained consistent: our commitment to helping our customers save money so they can live better. Today, we're reinventing the shopping experience and our associates are at
