 (USA) HERNDON, VA TECH FACILITY VA Herndon Home Office
Bentonville, AR

 Full time

 Posted 16 Days Ago

 R-2399218

Position Summary...

The Red Team's Mission is to:

Inform Walmart by demonstrating attack paths that are assumed unviable

Contribute to measurement of Walmart's defensive capability by demonstrating likely attacks.

To deliver on this mission, we execute a variety of campaigns each year. To support these campaigns we focus on infrastructure, research and development, training and education.

Plan to leverage your expertise with scripting, development, attack infrastructure, social engineering and offensive security tooling to execute simulated attacks against Walmart's networks and subsidiaries spanning the globe.

What you'll do...

About Team:

At Walmart, we believe it is essential to keep innovating while safeguarding our data. Our team ensures that

Walmart maintains a secure operating environment and the trust of our customers, associates, and stakeholders. We bring together a variety of services and capabilities to help prevent fraud, detect threats, and manage digital risk and access. In addition to mitigating attack risks and securing cloud transformation, we foster in our team members a secure and reliable working ethics.

At Walmart, we prioritize innovation and data security. Our team is dedicated to maintaining a secure operating environment and preserving the trust of our customers, associates, and stakeholders. We combine a range of services and expertise to prevent fraud, detect threats, and manage digital risk and access. Our focus is on mitigating attack risks, securing cloud transformation, and fostering a culture of security and reliability within our team

What you'll do:

- Execute a variety of campaigns (full-scale, assume breach, transparent / collaborative)
- Develop, curate, and leverage offensive security tooling
- Manage and configure campaign infrastructure
- Research and develop attacks on vulnerable systems and defensive tooling (e.g. AntiVirus, EDR, XDR)
- Provide ongoing consulting to defense teams as they design and implement responses to campaign findings

What you'll bring:

- Knowledge of fundamental computing concepts - flexibility to learn and adapt to new languages, systems, and technologies
- Subject matter expertise in at least one area relevant to Red Teaming (e.g. Development, Infrastructure, Social Engineering, Reverse Engineering, Threat Intelligence, Cloud Computing, Identity and Access Management)
- A collaborative approach to campaign preparation, execution and debriefing; professional and empathetic communication

About Walmart Global Tech

Imagine working in an environment where one line of code can make life easier for hundreds of millions of people. That's what we do at Walmart Global Tech. We're a team of software engineers, data scientists, cybersecurity expert's and service professionals within the world's leading retailer who make an epic impact and are at the forefront of the next retail disruption. People are why we innovate, and people power our innovations.

We are people-led and tech-empowered. We train our team in the skillsets of the future and bring in experts like you to help us grow. We have roles for those chasing their first opportunity as well as those looking for the opportunity that will define their career. Here, you can kickstart a great career in tech, gain new skills and experience for virtually every industry, or leverage your expertise to innovate at scale, impact millions and reimagine the future of retail.

Walmart's culture is a competitive advantage, and it's fostered by being together. Working together in person allows us to collaborate, align quickly and innovate with greater speed. We use our campuses to create purposeful connection rooted in deepening understanding and investing in the development of our associates. Our hubs: Walmart is a global company with offices across the United States and around the world. Our global headquarters is in Bentonville, Arkansas, with primary hubs in the San Francisco Bay area and New York/New Jersey.

Benefits:

Benefits: Beyond our great compensation package, you can receive incentive awards for your performance. Other great perks include 401(k) match, stock purchase plan, paid maternity and parental leave, PTO, multiple health plans, and much more.

Equal Opportunity Employer:

Walmart, Inc. is an Equal Opportunity Employer – By Choice. We believe we are best equipped to help our associates, customers and the communities we serve live better when we really know them. That means understanding, respecting and valuing diversity- unique styles, experiences, identities, ideas and opinions – while being inclusive of all people.

The above information has been designed to indicate the general nature and level of work performed in the role. It is not designed to contain or be interpreted as a comprehensive inventory of all responsibilities and qualifications required of employees assigned to this job. The full Job Description can be made available as part of the hiring process.

At Walmart, we offer competitive pay as well as performance-based bonus awards and other great benefits for a happier mind, body, and wallet. Health benefits include medical, vision and dental coverage. Financial benefits include 401(k), stock purchase and company-paid life insurance. Paid time off benefits include PTO (including sick leave), parental leave, family care leave, bereavement, jury duty, and voting. Other benefits include short-term and long-term disability, company discounts, Military Leave Pay, adoption and surrogacy expense reimbursement, and more.

You will also receive PTO and/or PPTO that can be used for vacation, sick leave, holidays, or other purposes. The amount you receive depends on your job classification and length of employment. It will meet or exceed the requirements of paid sick leave laws, where applicable.

For information about PTO, see <https://one.walmart.com/notices>.

About Us

About Walmart:

Fifty years ago, Sam Walton started a single mom-and-pop shop and transformed it into the world's biggest retailer. Since those founding days, one thing has remained consistent: our commitment to helping our customers save money so they can live better. Today, we're reinventing the shopping experience and our associates are at
